

Perspective Correction and Image Enhancement of Oblique Weightlifting Videos for Biomechanical Analysis

Anitha Ashishdeep

Guided by: Prof. Mehul S. Raval
Ahmedabad University

WEEKLY REPORT-2

Work Completed This Week

- ▶ Completed literature review
- ▶ Prepared Abstract
- ▶ Collected video dataset

Work to be Completed Next Week

- ▶ Analyze plate ellipse geometry to estimate viewing-angle distortion.
- ▶ Use MediaPipe 3D pose to estimate athlete orientation and compare with plate-based estimates.
- ▶ Develop and test perspective/foreshortening correction.
